DOCTOR D'S
Old Lock Hospital.
NO CURE ~~WILL~~ NO PAY.
No. 112 Wells Street, Chicago.

The Only Certain Remedy!
FOR THE CURE OF SECRET DISEASES, at 112 Wells Street. By the expert system, instituted at the OLD LOCK HOSPITAL, 112 Wells Street, all patients are secured a permanent cure. The advantages of this system are well known to nearly all countries. All who have been treated of advice or attention from Dr. D., may confide in him with the assurance of secrecy, and certain good recovery. Scores of the most noble and famous men of the country have been under his charge—men of genius, intellect and power—and in no instance has the trust-

Individuals must be cautioned against the illiterate and untrained in science, who do so much injury by quackery and imposition. The Vegetable Medicines of Dr. D. are the only ones that are perfectly harmless, and for venereal complaints, and those who resort to them for venereal diseases, are seriously warned not to tamper with them by using those who practice the abuse of mercury and bad medicine.

Dr. D. freely invites all troubled with disorders to call upon him. His charges are regulated by the circumstances of the patient, and are never more than can be afforded. Dr. D. is a regular physician, having devoted twenty years to the exclusive study of these diseases, consulting with the most celebrated physicians, and attending all his diseases of the Bowels, the Venereal, gonorrheic, syphilis, impotency, and all the diseases of the female sex, and all the disorders that can arise from the venereal system, and all upon him, to make every thing satisfactory in a moment. Such is the absolute efficacy of the method of cure that he has discovered, that he has cured thousands of individuals, becoming acquainted with the wholesome and certain process. It is but for a man to say he is afflicted.

The greatest point for the consideration of every body is

to avoid all communication with persons unqualified to
are then relied. Serious and dangerous consequences en-
sue, and the patient is aware of this from the treatment
of quacks and impostors.

The only certain way is to visit the Lock Hospital, or
the Dispensary, under the direction of the Surgeon, at the
Police Office, at No. 11, Wells street, and at once place
yourself under their care.

The Police will be kept open from 9 A. M. until 9 o'clock
P. M.

All letters (post paid) will receive prompt attention—
any person wishing a private room until cured can have

DR. HUNTER'S MEDICAL MANUAL AND HAND BOOK FOR THE AFFLICTED—Containing an outline of the diseases, entombed by promiscuous and false theories of self-abuse, or by exact causes, with a choice for their prevention, and a familiar style avoiding all medical technicalities, and every other error, and interest, and pecuniary loss, from the result of some twenty years' successful practice, exclusively devoted to the cure of diseases of a venereal nature.

To which is added, receipts for the cure of the above diseases, and a treatise on the causes, symptoms and cure of the venereal diseases, in a separate copy; six copies are one dollar: will be forwarded to any individual, by mail, free of postage. Address, postage paid, **W. H. LINDSAY & Co., Publishers,** or "box 190, Post Office, Philadelphia.

"This is, without exception, the most comprehensive and intelligible work published on the class of diseases of which the author has treated. Its rich recollections, it addressed itself to the reason of its readers, and it is, therefore, a selection matter, and no parent, however fastidious, can object to placing it in the hands of his sons. The author has not devoted himself to the details of the diseases, but to complaints treated of, and with too little breath to put, and to a little presumption to suppose, he has offered to the public a work, which is not only a valuable source of some twenty years most successful practice."—*Lancet*.

No teacher or parent should be without the knowledge of the principles of domestic medicine. It would save years of pain, mortification and sorrow to the youth under their charge."—*People's Advocate*.

A Presbyterian clergyman in Ohio, in writing of "Hundred and one youth," by evil example and the influence of the passions, have been led into the habit of self-pollution and the consequent ruin of their health and the ruin of themselves and their posterity. The consequences upon the minds who are raising families have been enforced, if not

the public mind as to check, and ultimately to remove this
 wide-spread source of human wretchedness, we must confer
 the greatest blessing next to the religion of Jesus Christ,
 the use of intoxicating drinks, though it has slain thou-
 sands of our race. Accept my thanks on behalf of the Society,
 and believe me, your co-worker in the good work you are
 so actively engaged in.

One hundred copies of the above (securely enveloped and post-
 age paid), on receipt of 25 cents, or six copies for \$1. Ad-
 dress, CUDEN & CO., Publishers, Box 156, Philadelphia.

\$1,000 will be paid, if reliable evidence is shown where they ever failed to protect valuables from Fire, where as other makers' Safes have proved worthless in various accidental and experimental tests, some of which occurred recently.

Read the following from **Messrs. A. McClure & Co.** Wholesale and extensive dealers in Drugs, Medicines, &c.

ATLANT, July 27, 1852.

This is to certify, that on the 25th day of July, 1852, our entire Stock, composed of Turpentine, Alcohol, &c.

Mr. Mulliken, No. 7, was consumed by fire; so rapid and severe was the fire that two of the inmates, who were unable to close one safe and the other to open another, perished at the peril of his life and closed the doors.

After restoring the safe open after all this exposure and the fire was first over, the safety of its contents, and the valuables were found uninjured.

We have so much confidence in the security of the Fire safe, that we shall leave it immediately replaced.

A. C. CLARK & CO.
ALBANY, DEC. 18, 1852.

This is to certify, that on the 7th day (Monday, 1851, I purchased of J. MCB. Davidson, No. 7, two safes, one of which was the same was subjected to a severe test on the 15th of December, 1851. After the fire was extinguished, its contents were found perfectly preserved—not a leafy book being soiled or injured.
